## AFT Empowering U Campaign

The AFT Empowering U Campaign takes full effect with the start of the New Year. Several AFT Locals across Utah are actively involved in organizing efforts to build and strengthen their local union. Members are sharing their union story with their colleagues. Unionists are volunteering to serve as union stewards and getting fantastic training. We are on track to becoming the only union to represent faculty and staff in public schools, colleges, and universities across our State. We are beginning to see incredible things happen across the state, but the work continues on. If you wish to be involved in this campaign, contact your local president or AFT offices via email or phone (numbers listed at the bottom of the Newsletter. This will be an ongoing campaign and you can jump on-board at any time. This is a great opportunity to associate with people in your profession, and share the importance of the union with them. There are certain goals and benchmarks that each local are working towards and this will in turn make our union stronger and bring more individuals into our union. We look forward to seeing the results that are going to come.

There are plenty of resources available to you as members of AFT Utah. There are also many benefits to being a Union member. Always make sure to access your benefits to offset the cost of paying union dues. For information about benefits and how to access them visit the following link. <http://ut.aft.org/member-benefits>

This is just one of the many great reasons to join the union. Make sure to share it with your friends also.

AFT Utah is very active on social media. This is where we post important activities and articles that pertain to the union and the professions of our members. We are also getting ready for the 2019 Legislative Session, where AFT Utah will be a key instrument in lobbying for the educators and professions in education, both public and higher. We will be sure to send out the bills and actions that we will be monitoring throughout the session. We need your input. Make sure to let us know if there is something that we can do for you.
